1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 27 June 2005 has been entered.

Allowable Subject Matter

2. Claims 1-10, 12-39, 41, 43-58, 60-74, 80-84, 90, 103-107, 110-118, and 120-133 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art of record, taken alone or in combination, fail to teach or fairly suggest, in conjunction with other limitations in the claims, a document/check processing system including circuitry for tagging the document image with an indication of customer acceptance of the authorization agreement and/or an extracted MICR data; and a communication interface for communicating the tagged document image following customer authorization of the agreement to a central document clearinghouse for automated account clearing processing of the document.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
